Grant
Recipient
\$10,000**

Elev8Hope

Mission: Through educating, training, and inspiring our youth to become compassionate leaders, Elev8Hope's works to positively impact the communities of Martin and Palm Beach Counties by connecting with individuals and families struggling to meet the most basic requirements of daily living.

Project: **Ms. Rina's House of Blessings.** There is an unprecedented need for transitional housing for homeless youth – Elev8Hope is currently working with 214 homeless youth and their families living in cars, on streets, and in the hidden corners of our community.

Elev8Hope assisted with 27 relocations in February alone. Relocations are where they help the families find a better place, maybe a trailer, then help through their 5000 student volunteers to collect first, last, & security (each donates \$.50-\$1.00).

An amazing opportunity has presented itself and a donation from Networking To Help Children will be coupled with other funds to secure a 21-room facility to be used as a shelter while permanent arrangements are made so that children have a safe place to stay.

The founder and long-time advocate for NTHC, Rina Shpiruk, is housing 11 teens herself. There is an urgent and immediate need for funding.

**# of
Children
Helped:**

214+ Martin & Palm Beach
County children will benefit.
