Grant Recipient  
\$5,000**

## **Project LIFT**

**Mission:** Project LIFT is dedicated to improving the lives of at risk teens through the treatment of substance use disorders, mental health counseling, mentoring and vocational skills training. Our innovative delivery of mental health services provides therapy through the unique platform of vocational training. At no cost, at risk 14-21 year old young men & women engage in hands-on training in: **welding, HVAC, solar installation, metal forging, barbering & cosmetology, construction, auto repair, screen printing and more**, while licensed therapists work with them to address issues including depression, anxiety, addiction, trauma, abuse and anger management.

**Project:** This money would be used for our Pathway Academy of Innovation at our Belle Glade location providing a learning platform and 6 desktops for the youth to work on. Time for use: As soon as it is available to us. (part of their teen/young adult life & job skills programs)

**# of Children Helped:** Approximately 250 children
