YouMom

Mission: YouMom is on mission to walk alongside teen moms and young women walking through the unsteady season of unplanned pregnancy or navigating single motherhood by connecting them to judgement-free support groups in churches across our community.

Project: YouMom empowers young teen mothers to become independent, functioning members in their community. Each young mom will go through an application process and commit to attending weekly Life skill Workshops, setting individual goals, developing a relationship with their mentor, delaying further pregnancies while in the program, and working and/or going to school full time.

**# of
Children
Helped:** YouMom serves 25 to 30 teen moms on average, with an additional 70 teen moms through our Summer Camp
